Are you looking to kick-start your career at a business where you can really make an impact? Then welcome to the RWE Finance Graduate Scheme! With us, you will work in various financial functions, building up your knowledge whilst gaining extensive insights into the Finance world.

The Finance Graduate scheme is a RWE Group-wide programme within the Finance areas. The scheme is two years in duration and will see you carry out at least four rotations of up to six months each. Rotations are based in Germany although there are options to be placed in RWE’s locations throughout Europe. You will have a graduate advisor who supports you throughout the entire scheme and will be given the chance to choose your own rotations. You can opt from any area of our business such as Controlling, Credit Risk, Accounting, Financing, Portfolio Management, etc.

Your profile:
Are you passionate about the energy industry and Finance in particular, have the ambition to learn and grow at a company which is dynamic and full of change? Do you have a university degree above average either in Business Administration, Economics, Engineering or a comparable discipline, ideally with focus on Controlling, Finance or Accounting as well as excellent German and English language skills? Then the RWE Finance graduate scheme could be the ideal opportunity for you.

Duration: Two years
Rotations: Four, six-month periods across the RWE operating companies
Start date: 4 September 2017
Location of scheme: Essen/Germany within rotations through RWE’s locations around Europe
